**Sierra is invading Macintosh
computers with a battalion of
excellent adventure games,
custom-designed in
256 blazing colors.
You won't believe your eyes!**

- Our graphics now look beautiful on the Mac. They're in sync with your Mac, so you won't get distortion.
- Three screen sizes available to you, not just one tiny one. (You need a minimum 11" monitor for these games).
- We're now using a 4-voice driver for music enhancement.
- The new games run on color Macs only (no black and whites). You will need at least 2 meg, an 8-bit video card, a SuperDrive, and a Hard Disk to run them.
- Runs great on 2fx, 2si, 2ci, LC, and IICx.
